# STUDENT CHECKLIST

Tick ✓

- Be aware of **when** your assessment tasks are on:
  - Check your schedule for each subject you are doing
  - Check the calendar for exact dates of tasks
  - Ensure that you know what type of task is required eg hand in or in class
  - Know your exam dates and times

Use your **school diary** to record the due dates and allocate time to schedule the completion of the task
- **All assessments are to be completed.**
- If you are **away** when a task is **handed out** it is your responsibility to get a copy when you return to school. No extensions are given due to absence on the day a task is handed out.
- Note the outcomes on the task and be aware that the task will assess these outcomes
- Be aware of the **date, time and method of submission** of tasks as stated on the assessment notification
- Never put an assessment on a teacher's desk or ask another teacher to take it for you. It is **your responsibility** to get the task to the teacher yourself. If there is a problem see the KLA Coordinator. If they are absent then see the Curriculum Coordinator.
- If you are unsure about a task, always **check with your teacher** about exactly what you are being asked to do. If they are unavailable, see the KLA or Curriculum Coordinator.
- If you have any questions regarding assessment procedures, please follow them up with the Curriculum Coordinator to ensure that correct school policy is followed.
- Computer or printing problems are not an excuse for late submission of task. Guard against this by backing up on a thumb drive, printing tasks as you progress, or save via email to your school email site.
- Do not leave the completion of tasks to the last minute as you are never sure of what might eventuate eg. feeling unwell, printing issue
- Familiarise yourself with the correct method to deal with problems eg Misadventure forms and what is a 'Valid Reason'. Consult with the Curriculum Coordinator
